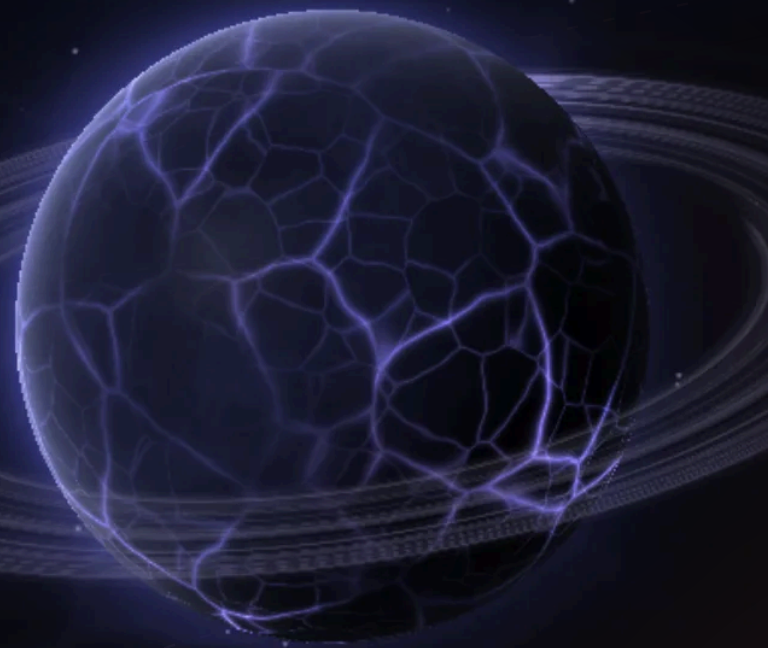
veinpool

PARTNER MEDIA KIT · 2026

Put your brand where miners pick their next coin.



Reach active GPU, CPU and ASIC miners across 50+ proof-of-work coins.

European PPLNS + SOLO mining pool · 1 % fee · no account

01

Who we are

VeinPool is an independent mining pool hosted in Europe and run from France. Miners point their rig, type a wallet address and start: no account, payouts straight to their own wallet. Most coins run in PPLNS and SOLO, with a +5 % bonus for small miners.

Our focus is small and new proof-of-work coins. A launch radar follows new networks daily, and new coins are often listed on day one. Every page is built for decisions: which coin, which miner, which hardware.

Who you reach

- GPU, CPU and ASIC owners who mine every day
- Miners who switch coins and algorithms often
- Early adopters following new PoW launches
- Technical users running their own nodes and rigs

Made in Europe

Hosted in Europe, run from France. Clear legal pages, GDPR-friendly, no tracking cookies.

1 % fee, no account

Miners point their rig, type a wallet and go. Payouts land straight in their own wallet.

PPLNS and SOLO

Steady pay or the whole block: both on most coins, with a +5 % bonus for small miners.

Small coins first

A launch radar follows new PoW networks. New coins are listed fast, often on day one.

03

Where your brand lives

Command generator

```
srbminer --algo xelishashv3 --pool veinpool.fr:3120
```

SPONSORED Also works with **YourMiner**

Each coin page writes a ready-to-copy command. Your miner or OS appears as "Also works with", next to our default.

Best hardware page

SPONSORED Your brand

1 RTX 5090

2 RTX 4090

3 RX 7900 XTX

GPUs and CPUs ranked by real hashrate. A labelled partner block sits on top, the ranking itself stays untouched.

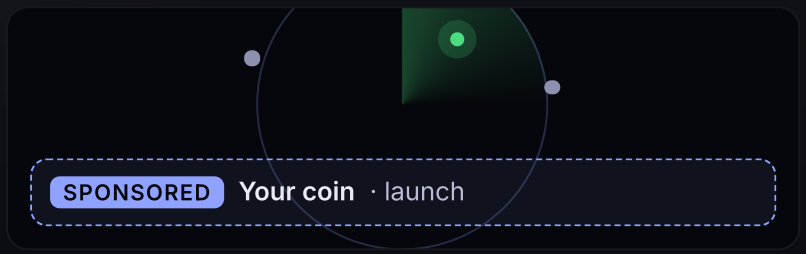
Pool vs SOLO calculator

Pool **PPLNS**
SOLO **1 block**

SPONSORED Your offer

Miners estimate a device before buying it. A partner card appears under the result.

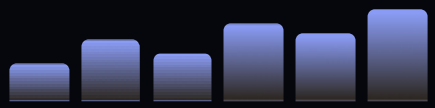
Launch radar



SPONSORED **Your coin** · launch

Upcoming PoW networks tracked daily. Projects can be featured for 14 days at launch.

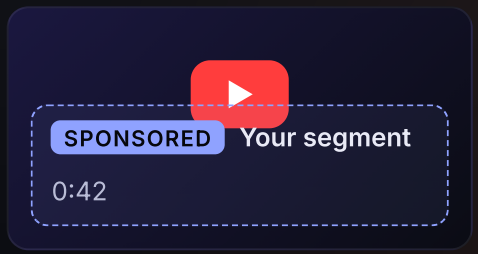
Miner dashboard



SPONSORED **Your brand** ×

Miners come back every day to check payouts. A discreet partner strip, the miner can hide it.

YouTube & Discord



Daily English videos: tutorials, market recaps, Shorts. 60 to 90 s sponsored segments, link pinned.

04

Packages

Bronze

49 € / month

Founding: 29 € × 3

- Logo and profile on the partners page
- Tracked link (UTM + click counter)

Silver

99 € / month

Founding: 59 € × 3

- Everything in Bronze
- 1 native placement: one coin or algorithm, or the hardware page
- Simple monthly report

Gold

199 € / month

Founding: 119 € × 3

- Everything in Silver
- Partner block on the home page
- Discord mention + 1 post a month
- Monthly report

Premium

399 € / month

Founding: 239 € × 3

- Everything in Gold
- 1 YouTube segment a month
- Category exclusivity (option, +50 %)
- Detailed monthly report

Founding Partner: −40 % for the first 3 months, then the normal price. A permanent badge. 5 of 5 spots open.

05

"Recommended miner" on coin pages	100 - 300 € / month / algo
Sponsored guide	100 - 250 €
30-day campaign	100 - 500 €
Hardware test	unit + 0 - 300 €

06

Our commitments

Miners trust VeinPool because the numbers are honest. That trust is what you are buying, so we protect it.

- Rankings, the order of the hardware page and calculator results are never for sale.
- Every paid block carries a visible "Sponsored" label. Affiliate links say so.
- The default miner in the command generator stays the best technical choice.
- No yield-promising cloud mining, no HYIP, no token without a product.
- Crypto services are featured only when authorised under MiCA for EU users.

07

Let's reach miners together.

01

Write to us

Tell us who you are and what you want miners to see.

02

We propose a plan

Placements, dates and price on one page, within 48 h.

03
